

Series II. 1964 Presidential Campaign, 1961-1965

Scope and Content: The material for this series derives from multiple sources in addition to the documents donated by Senator Goldwater. These include Goldwater campaign workers, office staff, family members, friends, fans, and associates. The following individuals' made significant contributions, especially relating to state campaigns, speeches, news clippings, photo albums, and memorabilia: Joseph H. Bastien, Thomas Dunlavy, Bert Fireman, Donald and Michael Goldwater, Eleanor Higgins, Theodore Humes, William Middendorf, Adah Morgan, Sharon Spellman, William Quinn, Robert Stahl, Peter M. Bodnar, and Lester W. Ruffner. Goldwater correspondence with a number of these individuals extended beyond this campaign and can be found in **Series I. Personal-Correspondence**.

There are significant gaps within this series. In 1967, Stephen Shadegg, a long time Republican Party worker, Goldwater Senate Campaign Manager, and Regional Campaign Director for Western States, sold various campaign materials to the University of Texas. See the guide to the Stephen Shadegg/Barry Goldwater Collection at University of Texas, Austin <http://www.lib.utexas.edu/taro/utcah/00096/cah-00096.html> for further information. Senator Goldwater's post-election correspondence was voluminous but little remains in print. Most of that correspondence is captured on microfilm. See Series V, Media Files-Microfilm. The microfilm has been converted to searchable compact discs which are available in the reading room.

Speech writers for the Goldwater-Miller Campaign were Tony Smith and Karl Hess. See Series I. Personal-Correspondence for Karl Hess. Few Smith files can be found in this collection. Very few speech drafts remain. Some background for speech material was borrowed from previous Goldwater Senate campaigns and can also be found in **Series I. Personal-Campaigns**. Many speeches are embedded within newsletters and news releases found in the Goldwater for President Committee and the Republican National Committee. The three bound volumes of speeches, while incomplete, represent speech highlights. These were a gift from Denison Kitchel, 1964 Presidential Campaign Manager. Few Kitchel files can be found in this series. See **Series I. Personal-Alpha Files** for other personal correspondence. Kitchel papers relating to the Free Society Association can be found at the Hoover Institute, Stanford University.

Included in this series are rare, unpublished Commerce **Committee Prints** Vol. 1, 3, and 5. Because the Senate Commerce Committee has jurisdiction over communications, it was proposed that media coverage on the 1964 Presidential Campaign for the first time be aggregated and printed as a federal document. Funding to complete the project failed. What remains are galley proofs. This is likely the most comprehensive record of speeches, radio and television appearances, floor remarks and news items from the 1964 Presidential Campaign. There were no presidential debates between Barry M. Goldwater and Lyndon B. Johnson. The nearly 5,000 pages cover the speeches, public appearances, and major radio and television broadcasts of the Johnson-Humphrey and Goldwater-Miller campaigns. The galley proofs are indexed and organized chronologically. Some pages are fragile. Vol. 2 and 4 covering the Vice-Presidential candidates Hubert H. Humphrey and William E. Miller are not in this collection. For further information about these contact University of Washington Special Collections speccoll@u.washington.edu regarding the Warren G. Magnuson Collection, accession # 3181-4, boxes 224-226. The Hubert H. Humphrey papers are housed at the Minnesota Historical Society

<http://www.mnhs.org>. The papers of William E. Miller <http://rnc.library.cornell.edu/ead/htmldocs/RMM02391.html> are located at Cornell University. The LBJ Presidential Library <http://www.lbjlib.utexas.edu/> houses Lyndon Johnson's papers, oral histories and other documents related to the 1964 campaign.

Small bound photo albums, loose news clippings, magazines relating to the 1964 campaign are included in this series for quick reference. Oversized items, artifacts and memorabilia, loose photos relating to the 1964 Presidential Campaign can be found in **Series V. Media Files**. There are numerous film, political advertisements, VHS tapes, audio cassettes of speeches ranging from poor to excellent condition. These can also be found in Series V. Media Files. Access to VHS tapes is available in the reading room. Some film has been converted to digital versatile discs.

Arrangement: Divided into 13 sub-series alphabetically and chronologically within: **Committee Prints, General, Goldwater for President Committee, Literature, Magazines, Memorabilia, News Clippings, Peggy Goldwater Correspondence, Photo Albums, Republican National Committee, Republican National Convention, Speeches, and States**. "States" is significant for comprehensive material gathered by the campaign team on every state and territory resulting in notebooks as well as "in house" files used for field reports, analysis, and tactical support.

Series II. 1964 Presidential Campaign Container List

Box	Folder	Title	Dates
117	1	Committee Prints , "Speeches, Remarks, Press Conferences, and Other Papers of President Lyndon B. Johnson Vol.1" (Committee Print Proofs, pp.1-100) 1 of 7	1965
