

TITLE: Dean Burch Papers

DATE RANGE: 1964-1973

CALL NUMBER: FM MSS 142

PHYSICAL DESCRIPTION: 49 linear feet (45 boxes)

PROVENANCE:

A portion of the Series I files, in the Executive and Personal subseries, and Series II were microfilmed by the Cornell University Library in 1965 and then sent to Tucson. Cornell staff noted some files were damaged in the initial transfer from Washington D. C. to Ithaca. Mr. Burch deposited other sections of the papers in increments at the University of Arizona Library in 1965, 1966, 1967, 1968, and 1981, so that by the 1987 inventory there were fifty-five records boxes in the collection. All of these unprocessed boxes were transferred to the Arizona Historical Foundation on November 30, 2006.

BIOGRAPHICAL NOTE:

Roy Dean Burch was born December 20, 1927 in Enid, Oklahoma, the son of Bert A. Burch and Leola Atkisson. While his father was employed as a guard, he lived at the Alcatraz penal institution in San Francisco Bay, and graduated from Galileo High School in San Francisco, California in 1945. In January, 1946 he enlisted in the U. S. Army, and served in the 7th Cavalry Regiment in Tokyo until his discharge in 1948. In 1953 he earned an LLB degree from the University of Arizona, and served as assistant to the Arizona Attorney General, 1953-1955.

In 1955 Senator Barry Goldwater selected him to be an administrative assistant, and in Washington D. C. he participated in the Rackets Committee investigation of labor union practices and was active in Senator Goldwater's campaign for reelection to the Senate in 1958. Mr. Burch became a member of the law firm of Dunseath, Stubbs and Burch in Tucson in 1959, and worked as regional campaign manager for Arizona Governor Paul Fannin.

In November, 1963 Senator Goldwater invited Burch to become the Deputy Director of the Goldwater for President Committee. Upon his nomination as the GOP presidential candidate in July, 1964, Senator Goldwater selected Burch to become the Republican

National Committee Chairman. He and his family relocated to Washington D. C., and at age thirty-six became one of the youngest GOP Chairs. In the succeeding four months he presided over the hectic presidential campaign activities. Immediately following the stunning political defeat in the November election, he became the lightning rod for intense criticism. At the same time, November – December, 1964, he was at the center of the Republican Party's internal struggle to define its future leadership and direction.

In January, 1965, Mr. Burch resigned as Chairman in an attempt to forge unity by appeasing various factions in the Republican Party. At the same time he and Senator Goldwater resisted a strong grass roots movement to form a new conservative political party. In April, 1965 Mr. Burch left the Chairmanship position and returned to his law practice in Tucson. In 1968 he was a significant participant in managing Goldwater's Arizona Senate campaign. In January, 1969 Governor Jack Williams appointed Burch to the Arizona Board of Regents.

Mr. Burch was named Chairman of the Federal Communications Commission by President Nixon and again relocated to Washington D. C. in 1969. Under his tenure, October 31, 1969 - spring 1974, he was influential in improving television programming for children.

Mr. Burch was the White House political counselor in the last months of the Nixon administration in 1974 and the first months of the Ford administration. Eight years later in 1980 he served as chief of staff for George Bush's vice presidential campaign, and also served as his counsel and a personal advisor.

From 1975 – 1987 he was a partner in the law firm of Pierson, Ball and Dowd in Washington D. C. involved with telecommunications, and from 1987 to his death he was Director General of Intelsat, the global communications satellite consortium of 121 nations.

He received the Alumni Achievement Award by the University of Arizona in 1972

Mr. Burch died of bladder cancer on August 4, 1991 at age 63.

Burch was married on July 7, 1961 to Patricia Meeks, a school teacher. They had three children: Shelley Burch Bennett, Dean Alexander Burch, and Dianne Ruth Burch Butterfield.

SCOPE AND CONTENT NOTE:

This collection focuses on two distinct periods in Burch's career: his chairmanship of the Republican National Committee 1964-1965 during the 1964 presidential campaign and its immediate aftermath, and his chairmanship of the U. S. Federal Communications Commission 1969-1973.

Arrangement: Arranged in three series. Series I: Republican National Committee; Series II: 1964 Presidential Campaign; Series III: Federal Communications Commission. After forty years of various box transfers and storage situations, some files were incorrectly located out of sequence and in random boxes. Every effort was made to reconstruct the original file order based on the original folder headings. Some scattered files are missing from the number or alphabet sequence. The AHF decision was to arrange alphabetically by correspondent the previously unfiled, unorganized voluminous correspondence to Senator Goldwater.

Series I: Republican National Committee.

This series covers the period between late July, 1964 and April 1, 1965, when Burch was Chairman of the Republican National Committee. Subseries include his Executive files, 1964; General Correspondence, December, 1964- March, 1965; and Personal files, 1964-1965. However, these papers do not contain the files of the Republican National Committee Executive Director, nor the organizational records of the six hundred RNC employees for this period.

The Executive File section is ordered by a simple numerical system, and the original numbers are included on the folders. A copy of the classification system is located in the front of the first folder. The accompanying card index contains entries by correspondent or occasional subjects that reference folder numbers. There are gaps in the numbering sequence that indicate some folders were removed sometime prior to the paper's transfer to the Arizona Historical Foundation. The General Correspondence file is arranged alphabetically by correspondent. The Personal file contains more confidential material and is arranged alphabetically by topic. Two sub-files under Personal, "General Correspondence" and "Personal Correspondence," contain similar correspondents and content information.

Although Series II contains records directly connected with the 1964 presidential campaign, many of the files in Series I also tangentially relate to the presidential campaign as well. Noteworthy in both series are files on the media campaign and the controversy over equal television and radio time for the Republican Party that resulted in hearings before the Federal Communication Commission in the fall of 1964.

Series II: 1964 Presidential Campaign

This series is divided into six subseries: Goldwater For President Committee, Goldwater-Miller (G-M) campaign correspondence, Tour Committee files (schedules, travel), Public Relations Division, and post election correspondence sent to Barry Goldwater.

The Goldwater For President Committee files, November 1963 – July, 1964 covers the Goldwater bid for the nomination leading up to the Republican Party Convention in San Francisco, California, July, 1964. There are only scant documents covering the events of the Convention itself.

The Goldwater-Miller correspondence, identified by the staff as the "G-M file," is the primary record of internal campaign work. It was established in July, 1964 after the

Goldwater-Miller presidential nomination in San Francisco and continued to the November, 1964 election. The state files documents local citizen opinions, reports of local party officials, campaign developments, and advice from campaign headquarters. The card index references most correspondent names, as well as a few subjects/issues such as "Negro who endorsed Senator Goldwater," "Goldwater secret meeting with Gov. Rockefeller," and "Democrats for Goldwater." The index also contains references about prominent individuals referred to in the correspondence, such as "Humphrey, Hubert," "Luce, Clare Booth," and "Burch, Dean."

The Tour Committee files contain the candidates' complete schedule, tour arrangements, and follow-up. It also contains details about last minute on-the-ground developments, handling local problems, and schedule changes.

The Public Relations Division files contain possibly the most complete extant series of news releases issued during the campaign. These are filed in chronological order. The Senator Goldwater speech file contains some speeches not found in the Personal and Political Papers of Barry M. Goldwater (Arizona Historical Foundation, FM MSS 1). Surrogates of audio recordings have been created for researcher's use, and are filed in the appropriate folders in this subseries.

Following the November 3, 1964, presidential election, Senator Goldwater received a tremendous volume of mail sent to his Senate office and Phoenix home expressing sympathy for his defeat, support, and strong opinions about the future of the conservative movement and the Republican Party. In February, 1965, Mr. Burch reported Senator Goldwater had received more than 100,000 letters and telegrams. This correspondence and similar correspondence sent concurrently to the Republican National Committee in this series and also in Series I, documents a remarkable, passionate ground swell of support for political conservatism in the United States. Because his Senate office staff was closing and there was diminished RNC staff to handle the flood, only a few hundred letters sent directly to Senator Goldwater between late October and mid December, 1964 were answered or filed. A random sampling of five linear feet of this correspondence was retained and is filed alphabetically by correspondent. The remaining nine linear feet of similar repetitive, unfiled correspondence was discarded. However, similar correspondence addressed concurrently to the Republican National Committee and Dean Burch was answered. These related subseries are filed adjoining each other.

Subsequent correspondence to Goldwater, beginning on December 22, 1964, was answered primarily by form letters, some possibly by volunteers in December 1964 and January 1965, and was filed by date. This subseries only contains incoming correspondence, and does not contain response letters. The 1965 correspondence is noteworthy in addressing national conservative grass roots response to the civil rights movement, race relations, the Vietnam War, the Johnson White House, and Goldwater's founding of the Free Society Association. Also significant is the volume of correspondence from residents of Southern states and from youth across the United States. After leaving the RNC Chairmanship on April 1, 1965, Mr. Burch continued to handle Goldwater's post election correspondence through November 1965 when this

subseries ends. One linear foot of get-well cards sent by Goldwater's admirers following his July 28, 1965 surgery in Phoenix was discarded.

Series III: U. S. Federal Communications Commission.

President Nixon selected Burch to be Chairman of the FCC on October 31, 1969, and he served until March, 1974. Notable issues during his tenure include children's programming, public broadcasting, fairness in political broadcasts, network television programming practices, cable television, obscenity, and movies on pay TV.

Arranged in ten subseries: Calendars, Correspondence, Invitations, Memorandums, Personnel, Personal, Public Appearances, Reports, Requests for Appointments and Interviews, Requests for Speaking Engagements and Appearances.

Correspondents include: Vice President Spiro Agnew, Steve Allen, William Buckley Jr., Al Capp, Charles Colson, Ron Crawford, John D. Ehrlichman, Gerald R. Ford, Senator Barry Goldwater, Senator Daniel Inouye, Senator Edward Kennedy, Denison Kitchel, William Kleindienst, David Levy, Senator Warren Magnuson, Jeb. S. Magruder, J. William Middendorf II, Newton Minow, John N. Mitchell, William Rehnquist, Donald Rumsfeld, Anton Scalia, Senator Herman Talmadge, Jack Valenti, Senator Lowell Weicker Jr., Caspar Weinberger, William Westmoreland, and Arizona Governor Jack Williams.

The files span the years 1969-1973. However, the Public Appearance subseries only contains files to November, 1971. This subseries is the primary location for copies of Burch's speeches and remarks.

There are no files for the final few months of Burch's Chairmanship, January-March, 1974.

Related collections include the Dean Burch Papers, (12 linear feet), MS 102, Arizona Historical Society Library, 949 East Second Street, Tucson, Arizona. Burch donated these papers in 1969.

In addition, The Personal and Political Papers of Barry M. Goldwater, FM MSS 1, Arizona Historical Foundation, (http://www.ahfweb.org/collections_bmg.htm), and the Steven Shadegg/Barry Goldwater Collection Papers, 1949-1965 (31 linear feet), at the Center for American History, University of Texas-Austin (www.lib.utexas.edu/taro/utcah/00096/cah-00096.html) provide significant additional documentation for the 1964 Presidential Campaign.

See Steven Shadegg, *What Happened To Goldwater*. New York: Holt, Rinehart, and Winston, 1965 for an insider's interpretation of 1964 events within the Republican National Committee represented in this collection. Shadegg probably did not have access to these Burch papers when he wrote the book in 1965.
