

PLANNED PARENTHOOD OF CENTRAL AND NORTHERN ARIZONA-MSS 43

Records - 1866 to 1992

Number of items – 52 boxes, 1 oversized folder, c. 27 cu.ft.

HISTORICAL SKETCH

Planned Parenthood of Central and Northern Arizona began as the Mother's Health Clinic of Phoenix, October 1, 1937. Influenced by Margaret Sanger, many prominent Arizona women were instrumental in founding and running the operation. Among them was Lucy Cuthbert, Thelma Phillips, Peggy Goldwater, Nancy Bimson, and Maie Heard. Volunteers and limited medical staff offered varied, often controversial, health services to women and families regardless of their ability to pay.

In 1942, the Phoenix clinic affiliated with the national organization, Planned Parenthood Federation of America (PPFA). With constant growth, the clinic moved to the Phoenix Memorial Hospital campus in 1953, and in 1958, hired Gladys MacLean as the first executive director. An important 1959 legal victory for the organization resulted in overturning an Arizona territorial law that prohibited the legal distribution of birth control information.

In the 1960s, the birth control pill was made available for distribution, and counseling services were added. In 1967, state grant monies for an inner city outreach program facilitated the development of the affiliate's education department. Also, the organization began holding large public fundraising events such as a 1965 banquet honoring Margaret Sanger and the Chinese Opera, planned and hosted by Peggy Goldwater, in 1967.

In the 1970s, four additional PPCNA clinics were established. Vasectomy and abortion services were offered and, with Title X of the Public Health Service Act, there was an increase in family planning services for low income people.

Expansion continued in the 1980s with the establishment of seven more clinics and the Papp Administration center, completed in 1985. In 1984, PPCNA joined a lobbying coalition to seek state funding for family planning for low income families. A 1986 Supreme Court ruling (*Planned Parenthood vs. Arizona*) asserted that states cannot withhold funding from private institutions which offer abortion services. With increasing population concerns, the internationally recognized, Population Forum, chaired by PPCNA's Louisa Gerking met in Phoenix in 1984. This was the first significant national meeting held prior to the U.N. Conference on World Population in Mexico City.

Today, Planned Parenthood of Central and Northern Arizona continues to play a vital role in local, state, regional, national, and international, family planning issues. PPCNA offers direct assistance to the community with quality medical care and innovative educational services while maintaining a constant focus on political, religious, and ethical concerns.

SCOPE AND CONTENT

Planned Parenthood of Central and Northern Arizona (PPCNA) celebrated its 50th anniversary in October 1987. In preparation for reviewing the institution's colorful past, a variety of materials were collected from many sources. The Board and administration were aware that a significant body of documents had been accumulated and required appropriate sorting and housing. The establishment of the PPCNA collection began in the months prior to the anniversary celebration.

The inclusive dates of the collection are from 1866 to 1991. The PPCNA Resource Center, supported by the Board of Directors and the administration, will continue to seek, acquire, and donate materials for the collection. Use of the PPCNA collection is not restricted.

The materials gathered have, to a great extent, determined the organization of the collection. The variety of source types are extensive and include paper, news clippings, pamphlets, audio/visuals, and posters; as well as series types, such as correspondence, historical sketches, minutes, newsletters, and programs and activities. Undated documents will be found at the front of their respective folders.

The sub-groups parallel the current administrative divisions and committees of the affiliate. Please refer to the 1991 Chart of Organization, page 7. The administrative departments work in conjunction with the committees of the Board of Directors and the various links are indicated on the chart. Although the sub-groups are referred to as "departments," it is important to recognize that each department developed as the need arose and as the commitment to the work of the institution grew. Materials will be found in the sub-groups that pre-date the actual department. The materials may also have been produced by the work of the committee and not the department.

The collection should be used as if it were divided into two parts. The first part includes all the sub-groups except Sub-group 10. The second part, sub-group ten, the Education Department is comparatively large. As the Education Department developed, it acted as a repository for materials from throughout the institution. By using the collection as if it has two separate sections, it is possible the researcher will find some duplication of materials and it is probable the researcher will find further elaboration on information found elsewhere in the collection.

The sub-groups have their own "historical" folders. The news clippings in Sub-group 10, sub-sub group 2 are a very useful chronological tool for the affiliate's history as well as some of the significant people. There is limited biographical information on such prominent historical figures as Margaret Sanger and Peggy Goldwater. Margaret Sanger is often noted in materials from Planned Parenthood Federation of America (PPFA) as well as historical sketches written by PPCNA. Some of the historical materials on Sanger have been collected in Sub-group 10, sub-sub group 1, Box 18, S4, Fl. An 8mm film on Sanger is available in Sub-group 10, sub-sub group 2, Box 47, S2, SS2. A copy of a handwritten letter from Sanger to Maie Heard is in Sub-group 10, sub-sub group 1, Box 17, 51, Fl. References to and information on Peggy Goldwater's work with PPCNA appears sporadically throughout the collection. See Sub-group 9, Box 16, S4, F2&3; and Sub-group 10, sub-sub group 1, Box 18, 54, F3. The video of the PPCNA 50th Anniversary includes Joanne Goldwater and her announcement of the Peggy Goldwater Endowment; see Sub-group 10, sub-sub group 2, Ex 47, S2, SS2. Correspondence with Peggy and Barry Goldwater

can be found in Sub-group I, Box 1, S1, F1&2; Sub-group 9, Box 16, S1, F1; and Sub-group 10, sub-sub group 1, Box 17, 51 F1&3.

For the convenience of the researcher, the following are acronyms that are often used in the PPCNA collection.

AGI	Alan Guttmacher Institute
CLYDE	Collective Literature Yield Divided by Everybody
IAC	International Advocates Council
IPPF	International Planned Parenthood Federation
MEXDICO	Metropolitan Executive Directors Council
NARAL	National Abortion Rights Action League
NFSEM	National Family Sexuality Education Month
PPA	Planned Parenthood of Arizona
PPAofP	Planned Parenthood Association of Phoenix
PPCNA	Planned Parenthood of Central and Northern Arizona
PPFA	Planned Parenthood Federation of America
PPWP	Planned Parenthood World Population
RAC	Religious Affairs Council
SIECUS	Sexuality Information and Education Council of U.S.

Sub-group one, Board of Directors, includes materials from 1949-1990. The work of Planning and Development and International Advocates Council are highlighted. When using this sub-group, it is important to remember that the committees have changed names, functions, and responsibilities over time and are listed based on the 1991 organization.

Sub-group two, Executive Department, includes materials from 1962 to 1987. The 1987 recertification packet provides a good overview of the organization, including its history, mission, politics, etc.

Sub-group three, PPFA, includes materials from 1916 to 1991. This provides a broad overview of the work done at the national and international levels.

Sub-group four, Medical Department, includes materials from 1961 to 1988. The establishment of clinics in Tempe, Globe, Flagstaff, Prescott, and Glendale are highlighted. There is a wide variety of record types in the clinic files; i.e. correspondence, reports, historical sketches, etc.

Sub-group five, Fiscal Department, includes materials from 1956 to 1991. The records in this sub-group are primarily statistical data. Client Visit Records (CVRs) are completed by every client, every visit, for the purpose of maintaining accurate records. In 1980, the process of data collection and analysis was computerized.

Computer printout abbreviations: ABT-abortion
 VAS -Vasectomy
 CNS-Counseling
 CON-Contraceptive

Sub-group six, Public Affairs Department, includes materials from 1939-1991. Public Affairs is the “advocacy” department, concerned with political activities; lobbying, phone bank, rallies, letters, etc. The department stays informed of public opinion, see S2-Reports; and political activities, see 33-Legal. Box 12, S3, F1 includes information on Roe v Wade. The department publishes a newsletter, “IMPACT,” and the “Fact Sheet.” Departmental concerns have included family planning and Title X, abortion legislation (includes a considerable amount of information from NARAL), and teen pregnancy and “Let’s Talk.” Particularly noteworthy is a packet of materials from Francis Hurley, daughter of Fritz Struckmeyer; see Box 13, S6, F11.

Sub-group seven, Community Relations Department, includes materials from 1963-1991. Community Relations is the “public relations” department and is concerned with such activities as press releases, public service announcements, media communications and public speakers. This department publishes the “Planned Parenthood Press,” a monthly membership newsletter, and the annual reports. (Annual reports are also found in Sub-group 10, sub-sub group 1, Box 18, S3, F4).

Sub-group eight, Human Resources Department, includes materials from 1967 to 1988. Human Relations publishes a monthly staff newsletter, “Bare Facts,” and a weekly staff newsletter, “Staff Stuff.” (“Staff Stuff” was developed and maintained by the Education Department for years. See Sub-group 10, sub-sub group 1, Box 19&20, S6, F8-19.)

Sub-group nine, Development Department, includes materials from 1950-1991. This department is closely tied to its parallel Board of Directors committee, Resource Development. Materials in the sub-group include some of the early fundraisers such as the Chinese Opera hosted by Peggy Goldwater; and the Annual Ball, which continues to be a major social event and fundraiser.

Sub-group ten, Education Department, includes materials from 1866 to 1991. This sub-group is very extensive and has been divided into two sub-sub groups, Education and Resource Center.

The sub-sub group, Education, includes information about the department, PPCNA, and PPFA, as well as information on and publications by related organizations from local to international levels. S7, Programs/Activities, includes staff and community education programs and various conferences and meetings, local to national level; some given by the affiliate and some attended by representatives of the affiliate. Related reports, correspondence, and memos, are found throughout S7. Special community education programs have been developed by the Education department. Materials that relate specifically to the development of the programs are included in this sub-sub group. The resource materials gathered for informational purposes, both for staff and community are in the sub-sub group, Resource Center.

The sub-sub group, Resource Center, includes an extensive news clippings series, dating from c.1930 to 1991. Newspaper clippings are used by several departments including Executive, Education, Public Affairs, and Community Relations. Community Relations receives the clippings from a clipping service. They are divided and stored in the Resource Center and in the Public Affairs department. Mauryne Young, PPCNA Resource Librarian has developed a clippings data base for their continuing collection. For current events, contact the PPCNA Resource Center.

Box 30-31, S2&3, describes the growth of a vast audio-visual library. Brochures are found throughout the PPCNA collection. PPCNA has developed their own brochures, ordered brochures from other institutions for distribution, and collected brochures for their own use. Of particular interest is the “About Sex” controversy, see Box30, S2, F6-8. “About Sex” is a sexuality education film that encouraged a public debate on controls of sexuality education in the schools. The folders include news clippings and correspondence and the film is in the collection, Sub-group 10, sub-sub group 2, Box 47, S2, SS2. Also worth noting, Box 30, S2, F9, Miscellany, includes a PPFA review of the controversial film “Silent Scream.”

Box 32-44, S4, Research Materials, includes materials from 1866 to 1991. One journal article on “male continence” is dated 1866, see Sub-group 10, sub-sub group 2, Box 34, S4, F23. There are no other items from the 19th century in the collection. The nine research topic categories are; Abortion, AIDs/STDs, Birth Control, Family Planning, Health, Legal, Population, (includes only those journals subscribed to by the institution and not located in other areas of Hayden Library, ASU), Religious/Ethical, and Sexuality/Sexual Relations. The materials were gathered from all sectors of the institution and housed in the Resource Center. The materials include newsletters, pamphlets, journal articles, reports, and research papers. Currently all research data is routed throughout the affiliate via the CLYDE system.

To distribute the large body of materials into their respective categories, we referred to the Family Planning Library Manual, 4th ed. by Gloria A. Roberts (New York: Katharine Dexter McCormick Library, LINK, Planned Parenthood Federation of America, Inc., 1982), for the vertical file system used by PPCNA. (See Box 31, 83, F1). This system was developed for national and regional use as PPFA, PPWP, AGI, and the affiliates developed information services.

Sub-group eleven, Miscellany, includes materials from 1952-1988.

Sub-group twelve, Oversized Items, includes materials from 1967—1991, including fiscal ledgers. Many of the materials in this sub-group are undated.

The PPCNA collection was donated to the Arizona Historical Foundation in July, 1991. Rosalyn Rosenberg and Mauryne Young, past and current PPCNA Resource Librarians have contributed considerable time and energy to the development of the collection. The continuing commitment to the collection, by Planned Parenthood of Central and Northern Arizona and especially Gloria Feldt, Executive Director of PPCNA, and Mauryne Young, ensures that a valuable piece of the historical record in Arizona is maintained.
