

TONTO BASIN RESEARCH COLLECTION-MSS 47

One Box, .5 cu. ft.
1860-1976

HISTORICAL NOTE

The Tonto Basin Research Collection was created as a bicentennial project of the Punkin Center Homemakers. The culmination of the project was the writing of 'The History of Tonto,' a manuscript which the group compiled and had edited by Al LeCount. The Collection consists of the manuscript and related research material on the following topics: Pioneer Families, education, forestry, mining and ranching, and the Civilian Conservation Corps.

This collection was a gift of Al LeCount.
